github.com/jasoncristobal

Summary

Web development and graphic design background. Full stack developer candidate skilled in writing clean code. Proficient in mobile-first responsive design. Experience with modern tooling and excited to pick up the right tools for the job.

Skills

Front End: JavaScript, HTML5, CSS3, jQuery, React, Redux | **Back End:** Node.js, MongoDB, Mongoose, Express, REST APIs.
Dev Tools: Git, GitHub, Chrome Dev Tools, Heroku, Travis CI | **Design:** Photoshop, Illustrator, InDesign, Dreamweaver

Experience

THINKFUL

June 2018 - Present

Web Developer Apprentice (projects), Teaching Assistant

Teaching Assistant

- Live workshop presentation and code demos for event attendees who are interested in learning about being a developer.
- Assisting in teaching classes/workshops for HTML, CSS, and JavaScript fundamentals in downtown San Francisco.

Regretful, Demo: regretful.jasoncristobal.com, Repo: github.com/jasoncristobal/regretful-client

- Full stack app built with JavaScript, React, Redux, Node.js, MongoDB, Mongoose, HTML5, CSS3.
- Problem: *"How can I make better decisions?"* Solution: An app where you find out what others learned from their mistakes. Discover what their regrets taught them and anonymously share yours.

Dish Discovery, Demo: dish.jasoncristobal.com, Repo: github.com/jasoncristobal/dish-discovery

- Front end app built with JavaScript, jQuery, REST APIs, HTML5, CSS3.
- Problem: *"Where can I explore foods from other cultures and also find videos on cooking them?"* Solution: An app where you browse meals, recipes, and cuisines from around the world. You can search by country, by food, or both.

Kindly, Demo: kindly.jasoncristobal.com, Repo: github.com/jasoncristobal/capstone-node

- Full stack app built with JavaScript, jQuery, Node.js, Express, MongoDB, Mongoose, HTML5, CSS3.
- Problem: *"How do I improve our world and myself at the same time?"* Solution: An app where you keep track of good deeds or acts of kindness that you do for others, and encourage yourself to keep doing them.

Multiple Companies

2012 - 2018

Graphic Designer

- See all roles on LinkedIn profile (link above). Multiple roles in producing solutions for print and digital marketing.
- Design portfolio, design.jasoncristobal.com, includes projects created with Photoshop, Illustrator, and/or InDesign.
- As a photo editor, provided inoffensive photos for sensitive topics, for online publications.
- At a greeting card company, completed an average of 40 card orders per day; each one had a 24-hour deadline.

Education

THINKFUL

Full Stack Web Development

- Produced mobile-first apps (see projects above) while learning new languages and frameworks with a senior web developer.
- Learned industry best practices and practical software development standards for Front End and Back End skills listed above.

UNIVERSITY OF CALIFORNIA, BERKELEY EXTENSION

Certificate in Graphic Design

UNIVERSITY OF CALIFORNIA, SANTA CRUZ

Bachelor of Arts

- Dean's Award for Outstanding Undergraduate Achievement
